

VERKHOVNA RADA OF UKRAINE

The Secretary General

Kyiv, 25 March 2022

Dear Friends of Ukraine,

On February 24, 2022, the military forces of the Russian Federation launched an invasion of Ukraine in order to destroy our sovereignty. Since then, it has been shelling peaceful Ukrainian cities with heavy weapon systems. This caused a humanitarian catastrophe in most regions of Ukraine affected by war – our capital Kyiv, Kharkiv, Kherson, Mykolaiv and Mariupol, as well as Kyiv, Donetsk and Luhansk regions.

As a result, many civilians in Ukraine have taken shelter underground, being cut off from basic services. Hospitals and maternity wards have moved their patients to basements. Across the country families lack basic supplies and medical treatment.

Nonetheless, in these difficult times the people of Ukraine feel the support of friendly countries, non-governmental organizations and caring people from all around the world who have not left us alone in our grief.

On behalf of the Charitable Foundation “Glory to Ukraine”, which is an official partner of the Verkhovna Rada (Parliament) of Ukraine, I would like to express my sincere gratitude to the initiator and organiser Søren Eiko Mielke who accomplished the project "Generators Against Aggressor" in cooperation with the Industry Association of Stone and Earth Baden-Württemberg e.V. (ISTE) for their valuable contribution of humanitarian aid to Ukraine.

This mission to provide 23 emergency power generators with a total output of almost 2000 kVA to Ukraine, wouldn't be possible without fruitful cooperation and assistance of the following people and organisations in Germany:

- Thomas Beisswenger, General Manager, Industry Association of Stone and Earth Baden-Württemberg e.V. (ISTE), organiser of fundraising;
- Anhelina Hubkovych, organiser;
- Natalia Tarnay, Anton Ryzhikh, created sand painting video to encourage fundraising;
- Stefan Gredler, GREDLER + SOEHNE GmbH, Caterpillar 500kVA sponsor;
- Rolf Harsch, Harsch GmbH, 6 used generators sponsor.

**To organisers
of humanitarian aid to Ukraine**

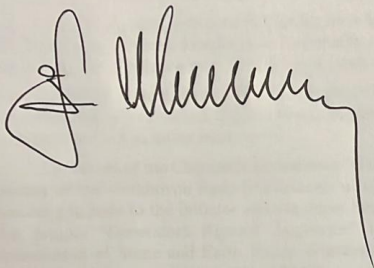

- Horst Istvan, Ritchie Bros. Deutschland GmbH, procurement of 16 new generators at a special price;
- Tino Villano, contact to Imperial Logistics;
- KNOBEL Bau GmbH, sponsor of truck 1;
- Hasan Celik, Imperial Transport GmbH, sponsor of trucks 2 and 3;
- Alexej Tureev, NTU & Transalex Network GmbH, dispatcher of truck 2 and 3;
- Emanuil Stumpf, Valeri Makaedov, Anatolii Kacher, Mykhailo Boloto – drivers;
- Rainer Lechner, Ostfildern Mayor, donation account management;
- ISTE, ISTE member companies, Kiwi Oberrhein, Galabau B-W, private donors – donators.

By this generous contribution you also join the big family of Ukraine's supporters and friends.

Emergency power generators have already been delivered to Kharkiv, Mykolaiv and Kyiv (with the aim to be distributed to the hot spots in Chernihiv, Bucha, Irpin etc.) and will serve the real needs of people in different cities and regions of Ukraine.

Looking forward to continuing our cooperation.

Glory to Ukraine!
